People get really mad if you try to give them advice on what to do with their kids if you don't have kids.

So I've started getting really mad when people who have kids tell me how to spend my free time.

I'm like "Listen, you don't understand free time unless you have free time. You stick to making lunches and I'll stick to playing Xbox in my pajamas"

Based on Jojo's Bizarre Adventure: Stardust Crusaders and 7th Stand User. Troy Tadashi was a foreigner from Canada that was forced to move at the age of four. While he struggles to make friends, he would often seek for the truth. But things changed when a strange man stabs him with the arrow and tells him that his destiny has become as he obtains the ability called a Stand. After witnessing the bizarre events with one of the students named Kujo Jotaro and realize who he is, he decides to help him and the Joestar's group on not only saving Jotaro's mother and defeating Dio, but also to find out the truth behind the strange man that gave him the Stand in the first place. Language: English Words: 15,608 Chapters: 2/7 Kudos: 3 Hits: 15 Glimpses into the life of the 7th Stand User as she joins the Crusaders on their journey to Egypt. Featuring: Friends! Fights! F-Mega! Minako Asakawa wasn't quite sure what to expect when she agreed to travel to Egypt on behalf of the strange being that made it home in her radio, but it certainly wasn't any of this. Language: English Words: 2,380 Chapters: 1/7 Kudos: 3 Bookmarks: 1 Hits: 27 "It was the end of a somber life for the owner of a lonely heart, and now marks a vivacious journey for the pretty young thing."In 1987, a despondent high school student decides to take a fresh start on life, and throughout that year, she gained a mixed bag of perks. Then in the Summer of 1988, she finds herself entwined in a harrowing crusade to defeat a vampire in Egypt in order to save one's mother from dying. This journey for her so far is downright bizarre, funny, perilous, thrilling, dramatic, romantic, and heartrending. And it's all conveniently packed into a collection of cassettes courtesy of one loser who wanted to play with fate's one-sided game!3/8: Added an additional scene in the latest track! Part 1 of Mixtapes For The Lost User Language: English Words: 101,516 Chapters: 21/7 Kudos: 98 Bookmarks: 16 Hits: 3310 Avdol thought he was already living a fairly strange existence as a stand user. However, after meeting you, he realized he was in for a truly bizarre adventure. 50 days of laughter, tears, and absolute absurdity.He couldn't say he regretted it, though.--Avdol's perspective on the events of the 7th Stand User, and his friendship with "You , Part 1 of The Magician and The Axe Murderer Language: English Words: 24,106 Chapters: 6/7 Kudos: 102 Bookmarks: 30 Hits: 1713 Natsumi Suzume is a slave to routine. Though she won't say it out loud, she craves something more, to be something more--and when she gets just that, she finds herself thrown into the business of a classmate that she hardly knows, her beloved routine suddenly dead and buried for the next 50 days, if not the rest of her life. (SDC canon rewrite/7thSU fic, a few liberties taken with both canons, but not hugely so.) Language: English Words: 67,535 Chapters: 8/7 Kudos: 121 Bookmarks: 41 Hits: 2556 I've been playing 7th stand user and came up with this au. Basically what if the 7th stand user was Dio's daughter? Some things had to change because Josephine is 18 not 4 but like don't think about it too hard. Also I'm not using any stands from the game. I made up my own. This is an au of a self insert game. I make the rules now. Also it's kinda crack and will 100% lean into everyone being the most dramatic they can be. (Every fic I write I stray further and further from canon and I grow stronger and stronger no one can stop me now.) Language: English Words: 1,465 Chapters: 2/7 Kudos: 38 Hits: 26 Minako pulled out the radio housing Steel and set it on the table in front of her. "I honestly almost forgot I had you with me... You haven't said anything since Japan; what gives?" If Steel could shrug, he probably would have. "You haven't needed me. Now, that woman, what did she say to you?"Minako slumped in her seat, crossing her arms. "She said something about me not belonging in 'this world', she wanted me to go back home, and when I refused, she tried to kill me. But..." "But?" Steel tries to coax her into continuing. "W-well... That's... It-it's not true. I mean... I wouldn't be here if I weren't supposed to be... Right...? S-so it's just silly... right...?" .....A truly bizarre fan fiction based around the Jojo's fan game The 7th Stand User, featuring all the classic Stardust Crusaders enemies like: Stand users, vampires, gambling addicts, general anxiety, and good old-fashioned existential crises. Destiny laid out for you, despite not knowing it. Well, by making friends? Its probably alright if you haven't played it- gender neutral reader- heavy language use/additional notes--- I do not own stardust crusaders characters of course- you own yourself- i will not be descriptive of what you look like, and will avoid using names such as [y/n]- there will be slight video game vibes in text, for aesthetic and maybe story reasons. As it is, there is always an unintended variable, one whose existence was not meant to coincide with the path of Fate. It is by his hand, that Fate shall change. Major canon divergence for Stardust Crusaders after Dark Blue Moon. Includes the Seventh Stand User and related content, many spoilers, and the return of Caesar Anthonio Zeppeli.
