Battlefield: Bad Company 2 is an immersive first-person shooter that continues the iconic military-themed game series. The action has a complex and eye-catching plot that combines two folds. First, the participant is transported to the recent past. He is a member of an elite team that is deployed in Japan. In the game Battlefield: Bad Company 2 for Android, the objective of the Special Forces is to find the scientist who developed the secret Black Weapon. The military were able to see him in action. During the earthquake, they heard an unusual sound. The captured scientist announced that a new classified weapon was being activated, and everyone would be killed. People manage to get to the submarines and navigate away from the coast. Suddenly, a blinding blue light turns on. A huge wave salt and destroys the boats. All the commando die. Far away takes place in the present. Two superpowers enter into an incompatible confrontation, everything can end in war. The task of the player in Battlefield: Bad Company 2 is to discover what the leaders of Russia and the United States are about to do. Information is emerging that in case of hostility, the Black Arms will be used. You need to find out where it is, what its principle of action is, if you can neutralize it. In Battlefield: Bad Company 2, it is worth noting the superbly designed graphics of the project with detailed details of places, characters and special effects. The Frostbite engine has made it possible to realize the ability of objects to destroy. For example, an explosion destroys a large building, and after a bullet, a fence breaks into chips. The player can choose the appropriate level and difficulty mode. There is a quality multiplayer. You can download the game Battlefield: Bad Company 2 for Android using the active link below. below.
