Although it looked very bleak, Rhonda found inspiration and a new zest for life in one of Wallace Wattle's writings. Within a few months, she applied the lessons of the book, which led to a change in her life. After reading this, Rhoda thought she had stumbled upon a great secret. She had a burning desire to share her secret with the world. So she moved to America with the idea of sharing that message by making a film. The secret is in the law of attraction, and she used that connection to bring the movie to life. This movie was made like a movie bookwhere he keeps trying to share the "secret" with the world. The Secret Book PDF Storyline Rhonda Byrnes is an Australian writer and television producer. She is known for her works such as Loves Me, Doesn't Love Me. This was before her success as the author of The Secret. She drew inspiration for her famous book from the teachings of Wallace Wattles, who is also a famous writer. The Secret can be described as a motivational book based on the Law of Attraction. The basic idea of this principle is that we attract what we think about. Things like success and wealth are available to everyone once we change the thoughts we send out into the universe. Your mind will act like a magnet that will draw whatever you think into reality. Whether you think of success and wealth or sadness and unhappiness, whatever you fill your mind with becomes your reality. This is because your every thought is like a signal. When this signal comes out of your mind, it goes away, picks up similar signals or frequencies, and returns them to you. Just to further emphasize why this is called the Law of Attraction and why positive thinking is so important. In his books, Byrne also highlights how the mind shapes everything from your health to your weight. He also talks about how you can use the law of attraction to your advantage by imagining your desire and pretending it's already yours. "Every thought you have is a real thing—power." "Rhonda Byrne Secret Ninety-nine percent of who you are is invisible and untouchable." "Rhonda Byrne, The Secret" If you feel good, it's because you think so okay Thoughts...
