Poland is one of the fastest growing economies of the European Union (e.g.) and pomerania in northern Poland is one of the fastest and most dynamic development regions in Poland. So, if you are an investor trying to grow your European presence, Pomerania is the right place. world-class universities offering a diverse and talented pool, a multicultural society, well-connected cities, a deep sea port and fantastic connections to the rest of Europe, not to mention beautiful beaches, clean air, good food and beautiful people, what more can you ask. tricity is a rapidly changing market with different economic sectors. Today we are talking about the wage ranges and the best recruitment practices to attract the best talents in the hr, it and finance sectors in business shared services (bss) and business process outsourcing (bpo.) with a growing demand for skilled employees and the constant development of new technologies, this group presents the biggest challenge. java, javascript and C/C++ developers can choose from job offers with wages below 5500 gross pln. experienced developers and team leaders can also earn up to 20 000 gross pln. Many of them choose to work on a b2b basis instead of the traditional work agreement. cloud computing, automation, and the need for a high-demand network security unit for positions such as technical support, network engineers and security managers. their salaries begin 4500 gross pln however can quickly increase as the employee gains experience. The team leader IT Desk-Service can earn 10 000 gross pln, while security managers in industries such as banking or finance can easily reach 20 000 gross pln. the location of a business partner hr, who was relatively unknown a decade ago, became an important positionstructure of large organizations. An experienced HR business partner needs a variety of skills to create what we call 'big employeetract the best talents as well as help companies, implement modern management practices. That is why this position is well paid with wages ranging from 12 000 pln to 18 000 gross. Junior or payroll positions in hr are a little lower on the scale. an average for a recruitment or payroll specialist is about 4500 gross pln and an expert payroll director can reach up to 10 000 gross pln. when it comes to accounting junior level positions usually start at 3500 gross pln however much depends on the person's skills. For example, those who speak foreign languages, especially the least popular ones can negotiate higher wages. an accounting expert will do anything from 6000 pln to 12 000 gross pln depending on the size of the company and the level of responsibility. Similarly, qualified financial directors and financial controllers start at 10 000 pln but can easily reach 20 000 gross in larger organizations. Salads are not all. Poles pay much attention to the benefits, benefits and general working conditions. private health is very popular, multisport cards partly sponsored by companies are also very popular as they allow free or discounted access to sports clubs and gyms. Other benefits include sponsored training, sponsored participation in conferences, educational budgets and other career growth opportunities. Many international investors and professionals of human resources ask whether it is customary to mention salary ranges in the job announcement. There are no precise rules, but it is slowly becoming a rule for companies, especially in the sector it to share wage intervals in job ads. you need to mention salary intervals while advertising on third party platforms such as facebook, just join it, kwi jobs and others. butonly for the IT sector or for jobs that require less technical expertise in retail, customer service or others. If you are in doubt, check what the competition is doing for inspiration. The thing fromfor employers and employees is that these wage ranges are only indicative of the current market scenario. The final salary depends on the organization and the skills you bring to the organization.
