(Image credit: STX Films) The Mauritanian movie details Release date: Feb. 12 (Theatrical), March 2 (Digital) Director: Kevin Macdonald Starring: Jodie Foster, Tahar Rahim, Shailene Woodley, Benedict Cumberbatch Run-time: 115 min Age rating: PG-13 Rotten Tomatoes: 70% With Jodie Foster's surprise win at the Golden Globes, you may want to watch The Mauritanian online. But where can you find The Mauritanian streaming? The legal drama is currently playing in theaters but is also available through video on demand. The Mauritanian is based on a true story told by Mohamedou Ould Salahi in his 2015 memoir Guantanamo Diary. It describes his arduous in the Guantanamo Bay detention camp, where he was held for 14 years without being charged or put on trial. Salahi (Tahar Rahim) hires defense attorney Nancy Hollander (Foster) and her associate Teri Duncan (Shailene Woodley) to aid in his pursuit for justice. Their work, along with the uncovering of fabricated evidence by military prosecutor Lt. Colonel Stuart Couch (Cumberbatch), reveals a shocking and far-reaching conspiracy. Here's everything you need to know about how to watch The Mauritanian online right now. Plus, check out the trailer below: How to watch The Mauritanian with a VPN If you're stuck abroad — away from countries where The Mauritanian is streaming — you will likely run into geo-fenced restrictions on the platforms and services you can use. But with the help of a virtual private network (VPN), you can watch all the services you already pay for, no matter where you are. Based on our testing, the best VPN is ExpressVPN (opens in new tab), which is easy to use and delivers fast internet speeds, making it simple to set up for streaming in no time at all. It also works on practically any device, starting with iOS and Android and including streaming devices such as the Amazon Fire TV Stick and Apple TV. Plus, game consoles like PlayStation 4 and Xbox One. How to watch The Mauritanian streaming on VOD The Mauritanian begins streaming March 2 after premiering in theaters. The rental price varies but generally costs around \$19.99. It will be available through most major digital retailers. The Mauritanian can also be rented from: The Mauritanian reviews The reviews of The Mauritanian are mixed, though they highlight the performances from the cast. Here's a roundup of what movie critics are saying: Jeanette Catsoulis, The New York Times (opens in new tab): "Flavorless characters and a blizzard of flashbacks further repel our involvement in a drama whose timing, to say the least, is unfortunate." Bilge Ebiri, Vulture (opens in new tab): "The Mauritanian is a noble but staid effort at trying to tell this man's tale. Its beats are familiar, its outrage muted, its story diffuse. But then, in its final moments, it springs one brilliant, devastating sucker punch that's so hard to shake it nearly saves the mostly humdrum movie that preceded it." David Rooney, The Hollywood Reporter (opens in new tab): "... this legal procedural remains strangely flat, despite its star power and a gripping central performance from Tahar Rahim as Salahi. An unimpeachably well-intentioned treatment of a dark chapter in American justice, it's methodical and serious-minded to a fault." Brian Tallerico, RogerEbert.com (opens in new tab): "It is an old-fashioned drama through and through, with some impressive acting from Tahar Rahim, Jodie Foster, and Benedict Cumberbatch. But The Mauritanian fails to humanize the story it's telling, never coming off as something more challenging or interesting than a superficial, manipulative accounting of true events." Plus: What's going on with Ginny and Georgia season 2? Dutton fans may have to wait until the fall before they can enjoy another season of ranching drama, but in the meantime, it's about to get easier to get your Yellowstone fix. The fourth season of the hit Paramount Network show is finally about to become available for streaming. Whether you're looking for a refresher on all of the dangerous goings-on or just want to find out what all the hubbub is about, here's everything you need to know to get caught up on the ranching drama Yellowstone. Streaming While Yellowstone isn't currently on Netflix or Hulu, all four seasons are now available to stream on Peacock. The seasons are also available for purchase season 1-4 through Amazon Prime (unfortunately, the show is not currently free to Prime members.) Despite what you might assume, given that the show airs on the Paramount Network, it is not currently available through the Paramount+ streaming service, though the hit prequel show 1883 can be found there, as well as the recently announced Dutton origin story 1923. Sign up for Peacock Kevin Costner and Kelly Reilly play the father-daughter pair John and Beth Dutton on Yellowstone. Danno Nell What's Yellowstone about? The show follows the trials and tribulations of the Duttons, a family of ranchers operating the largest contiguous ranch in the U.S. But you don't reach the Duttons' level of wealth and success by playing nice; not out where the west is still wild. The family is constantly attending to conflicts from the outside—including land developers, political opponents, and clashes with the local reservation—as well as from within, as the complicated dynamics between the family patriarch John (played by Kevin Costner) and his children—frustrated, ambitious Jamie (Wes Bentley), deliciously vicious Beth (Kelly Reilly), and rugged former soldier Kayce (Luke Grimes)—play out with plenty of scheming, secrets, and no little bit of bloodshed. When will season 5 debut? Though the massive success of Yellowstone and the ever-expanding Yellowstone universe—it now has its prequel 1883, another prequel, set during the Great Depression, titled 1923, an in-the-works spinoff set on the 6666 ranch in Texas, which will stream through Paramount+—would make it shocking for the show not to get picked up for additional seasons, it took months for the network to announce whether the show would be returning. Fortunately for fans, though, in February 2022, they did indeed reveal that a new season is in the works, and is likely to begin production this spring.
