Search for "Epsilon" in EyeFind and click on the first link, then 3 complete the evaluation form 3. He just sleeps repeatedly with Michael, as he spends a lot of time very quickly. You have to find three items to satisfy your search. Take the Internet app 3 your phone or sit on any computer to sign 3. When you arrive, you have two options: Leave the car in the drop zone to complete your lighting, or steal Cris' car and do away with the money inside.Should you choose to steal the car, take out your oppressors and get back in the car quickly - we recommend an RPG or sticky bombs to get rid of the heli3 ptero. Go to the observation deck 3 the summit to find it.Tract #2 - Altiplano de PalaminoFacing the east coast of the Altiplanicies de Palamino there is a bahAa. Jump and fly to the destination to wrap this up.Exercising the TruthAnother Epsilon logo will soon appear on your map. Their answers have no 3 to side missions. After the evaluation3 Michael will be asked to find a certain red shirt3... Looking for the truthA question mark 3 not appear in Raton Canyon. Just before the ground falls into the stream, find the baterAa by some bushes. The final element is a boat. It's not as annoying as it sounds. Make sure you take your Epsilon tunics, and head there to meet the entire crew 3 Epsilon once more. Take a boat out there and go diving to find the remains of a massive boat. The tract is above them, against a gate.Tract #5 - PequeAzo SeAAAAAzo There is an old church in the north PequeAzo SeAAAAAzo SeA 9. Actually, it's not a clear path and be doing some crazy missions. Just after it is the boot you are looking for. With the next search, now you will have to pay \$ 10,000 for more "illumination." Open your phone and make two \$ 5,000 donations to the Epsilon website to unlock the next mission. Carrying the truth: Once the Epsilon logo appears, go there for the next mission. Yes, that's really what they cost. Start leading the Epsilon website and buys the robes for \$ 25,000. The five cars are the Pegassi Vacca, Benefactor Surarano, declares tornado, Enus Super Diamond and Dinka Double-T. You will also need at least \$ 50,000 in your bank-money account that cris adds to a cash store in your car to be sent to several investments. After the cutting scene and pay your money, follow the safety details of Cris to the designated place. When it appears, address there to begin the next stage of the search of the illumination. Like cars, this is really simple if you know where looking. This first article is a television. TV.
