So, I will show you how to access Mobdro on FireStick, which you have just installed. You can also read more detailed info on using ExpressVPN with Fire TV / Stick. Step 1: Subscribe to ExpressVPN HERE. If you love to watch live TV on FireStick (or for that matter any Android device), I strongly recommend you give Mobdro APK a shot. Thankfully, Mobdro is a live TV app for Android that works just as well on FireStick. Plus, if you're not 100% satisfied, you can always get a refund. As soon as the Mobdro APK is downloaded, Downloader will execute it and initiate the installation of the app. I personally use ExpressVPN, which is the fastest and most reliable VPN in the industry. Step 4: Open the app and enter your login credentials which you created while buying the ExpressVPN subscription. Here are the steps: Launch the Downloader app and you will notice that it opens with the Home option (on the left) selected by default. Click the Install button to continue Now wait for your FireStick device to install Mobdro. Let's click Done and go back to the Downloader interface. To avoid any legal trouble, I suggest using a good FireStick VPN such as ExpressVPN. I will also show you how to bring it up onto the FireStick home-screen for quick access. Not only is it easy to install on any device, it comes with a risk-free 30-day money-back guarantee. That makes things a bit inconvenient. While for the most part, it is remote-friendly, when you open the list of channels, it scrolls left to right as well as top to bottom. I have tried Silk Browser, Firefox, nothing works. When you install any app on FireStick, it won't appear on the home screen. If you click Open, you will be able to run the Mobdro app on FireStick straightaway. Now that you have Downloader, let's install Mobdro on FireStick. Read: How to Install and Use Best VPN for FireStick FireStick can do a lot of things but it won't let you download the APK files directly from the web browsers. When you buy a product through links on our site, we may earn commission. It is one of the first apps you must install when you get your FireStick, Fire TV, Firestick Lite, or Fire TV Cube. Related: How to Install Live Net TV on Fire Stick How to Install Sling TV on Fire TV Stick How to Install Redbox TV on Firestick How to install Oreo TV on Firestick Legal Disclaimer - FireStickTricks.com does not verify the legality or security of any add-ons, apps or services mentioned on this site. It usually takes less than two minutes. Click Move to Front to move the app in the first row at the first spot, ahead of all other apps. The only little challenge I have experienced with this app is related to navigation. How to Use Mobdro Safely Before you start streaming with Mobdro, I would like to warn you that everything you stream online is visible to your ISP and Government. It comes with a 30-day money-back guarantee. A pop-up menu is displayed on the lower right corner. It is safe. Disclosure - FireStickTricks.com is reader-supported blog. Currently, your IP is visible to everyone. Click "Sign in" Step 5: Click the Power icon to connect to a VPN server. If you want to place the app at any specific spot, click Move instead in the pop-up menu. It won't take too long. It is a third-party app, which will be sideloaded on your Amazon FireStick. So, here is how you can do that: Power on your Fire Stick and from the main-screen select the Settings option from the menu bar on the top When the following menu appears, scroll to the right and open My Fire TV / Device Now select and click Developer options If Apps from Unknown Sources is OFF, go ahead and click it to turn it ON When prompted, click Turn On. It is a warning message but don't worry about it. Mobdro is a tried, tested app. Go ahead and give it a try! Also, check out how you can jailbreak your Fire Stick and access tons of free content using Kodi Addons and Builds. That's all. ExpressVPN is currently offering a whopping 3 extra months free on their annual plan! Here are reasons why using a VPN at all times is essential. All you need to do is access the Search option of FireStick from the home-screen (this option is on the far left on the top). That's alright! If you want to sideload apps on FireStick, nothing does it better than the Downloader app. Your connection is now secure with the fastest and best VPN for FireStick. But, you will need an app that can download the Mobdro APK from the web. You can watch News, Shows, Movies, Sports, Music, Educational content, and just about everything you can think of. On the right of the Downloader main-screen (with Home selected) is the field to enter the source URL of the APK file you wish to download. Learn More Video Guide for Mobdro on FireStick How to Access Mobdro on Fire TV/Stick? Now type "Expressvpn" (without quotes) in the search bar and select ExpressVPN when it shows up in the search results Step 3: Click "Download" to install the ExpressVPN app for Fire TV / Stick. Here are the steps: Long press the Home button on your FireStick remote until you see the following screen on your TV. Click Apps on this screen to go to your apps library Using the down navigation button on your remote, scroll down to the bottom and select the Mobdro app icon You can click the app to open it. The security setting of FireStick would not let you download such an app by default unless you have enabled the option Apps from Unknown Sources. Let me show you how to get and connect ExpressVPN on FireStick quickly. When you have turned ON the Apps from Unknown Sources, you can go ahead and install the Mobdro app on FireStick. Users are reporting a connection error. Steps to Install Mobdro APK on FireStick Mobdro provides free live TV services. This APK file is not required after the app is installed. Mobdro is a lightweight app. When Mobdro is installed on FireStick, you are presented with the following prompt saying App Installed. Instead, it will go to your apps library called Your Apps & Channels and sit in the bottom. Update: Mobdro is not working right now. Attention, FireStick Users! Governments and ISPs constantly monitor your online activity, and accessing copyrighted content on your Fire TV Stick could lead to serious trouble. Step 2: Power ON your Fire TV / Stick and go to "Search" option on the extreme left. Downloader is the part of Amazon Store. In this guide, I will show you how to install Mobdro on FireStick. We highly discourage piracy and strictly advise our readers to avoid it at all costs. You must now see the following prompt with Next button on the bottom right Navigate to the bottom right and Next button will change to Install button. I have literally downloaded and used dozens of live TV apps, but Mobdro is the only one I have remained loyal to for the longest time. This app is well supported and regularly updated to keep it free of bugs and glitches. But, that's not what we want right now. Lookup for the Downloader app by typing the name of the app. Also, we do not promote, host or link to copyright-protected streams. I strongly recommend getting the best FireStick VPN to mask your IP address and securely stream your favorites. Deleting will clear up space. You may want to check out the following resources: Best Mobdro Alternatives Best Apps for Amazon Firestick Mobdro has an exhaustive library of satellite channels. Drag the app icon using the navigation buttons on your remote to the spot where you want it. It also comes with a 30-day money-back guarantee in case you are not happy with the service. The same instructions will also work on other Amazon Fire TV versions including FireStick 4K, Firestick Lite, and Fire TV Cube. The fact that I get access to just about every channel I want to watch at one place, and that the app is fast, streams videos in high quality, almost without buffering, clearly overshadows its little shortcoming. You have also successfully deleted the Mobdro APK file. We will delete the Mobdro APK file. And, that's enough for you to guess that it is not part of the Amazon Store. Just type in the name of the content or TV channel and the app will look it up for you within its huge media library. I personally use ExpressVPN, the fastest and most secure VPN available. Use the onscreen keyboard and enter the following URL for the latest Mobdro APK - When you are done typing, hit GO Downloader app is designed to instantly start downloading the APK file. If you want to move the app to the FireStick home-screen, press the Menu button on the remote (it is the button on the left with three horizontal lines). Meaning, you can use it freely for the first 30-days and if you are not satisfied with the performance (which is highly unlikely), you can ask for the full refund. Follow the onscreen instructions and install Downloader. Click the button Delete again to finally delete the file You have successfully downloaded, installed Mobdro on FireStick with the help of Downloader app. Hence, you should not have any difficulty installing it. Install Mobdro on your Fire Stick / Fire TV or Fire TV Cube and enjoy endless hours of live TV. As you see, it has two buttons on the bottom. Click the field and the onscreen keyboard will pop. Mobdro is a free IPTV service that offers you access to live TV channels from around the world. Read our full disclaimer. Whether you are looking for channels from the US or UK, you will find it all here. It's easy. So, allow it the time it needs to download Mobdro APK on FireStick.
