Alto on black keys!  
[ L.H. ] [ R.H. ]

Please position your hands as described in the picture above for the entire song. You don't have to change position at all from the beginning through the end.

When you see # (sharp) signs on the sheet music please use LH 1 (thumb) or RH 4 on those black keys pictured above.

Please remember that # signs are not seen on the 2nd note in the same measure (between bars). So, you have to assume that those notes that don't have a # sign should still be on the black keys.

When you see this sign on the left, that means the # got erased and now you can go back to the white key.
