In January 1666, the famous diarist Samuel Pepys saw a performance by William Davenant Macbeth and described it as "extrade perfection". The production that just premiered at Folger Theatre is strangely perfect as well. Dated two weeks after the Great Fire of London, in September of the same year, the Folger Macbeth is in the famous Bedlam asylum, which was not touched by the fire. A limited edition produced in collaboration with an international team of scholars, this Macbeth is luminous in all details, but it is much more than a piece of successful era. It is a meditation on the toxic combination of ambition and madness. Macbeth (Ian Merrill Peakes, center) is flanked by witches (Ethan Watermeier and Rachael Montgomery) in the production of Macbeth by Folger Theatre. On stage on September 4, 2018. Photo of Brittany Diliberto. This production, led by Robert Richmond, lasted more than two years. He started with a 2014 Folger Institute workshop led by the theatre historian Richard Schoch and the musicologist Amanda Eubanks Winkler. It is part of a broader project, "Reforming Restoration Shakespeare", sponsored by the UK's Arts and Humanities Research Council and Queen University of Belfast, in collaboration with the Folger Shakespeare Library, the Shakespeare Globe and the Shakespeare Birthplace Trust. Meet academics, theater artists and musicians to explore how and why Restoration adaptations were so admired, and how and why they can flourish today. Charles II, also known as the "Merry Monarca", was restored to the throne of England in May 1660. The period of restoration was known for its hedonism; music, dance and theatre were again popular after the privations of puritanism. The actresses were introduced on stage, and you can notice Charles at Lincoln's Inn Fields or Drury Lane with one or two lovers. TheHe destroyed 373 acres of the city. Around 13,200 burned houses and 84 churches. It was a time of religious intolerancexenophobia, the Fire was falsely blamed on Catholics and foreigners. More than 100,000 people were left homeless. The event became a favorite theme of conspiracy theorists of the seventeenth century. Bedlam (also known as Bethlem Royal Hospital) was built over a sewer. Some patients suffered from poverty, epilepsy or dementia. Others were simply inconvenient to family members. Although public visitors are a source of income, patients often go hungry. They were chained, tortured and bled. A well-known milestone, the hospital finally became a symbol of madness itself. Jonathan Swift has commented, "Where better to recruit the politicians of the nation than Bedlam, since the prisoners cannot be crazier than those in power?" The idea of putting Macbeth in a mental institution offers each actor the opportunity to play two roles at once, in a sense. The result adds an extra level of danger "a murder occurs" and creates a rare and intense theatrical experience. Ian Merrill Peakes as Macbeth enhances his reputation as a first-class classic actor. She has a gift for playing troubled men, her Timon of Athens was surprisingly original and here she represents a character within a character, who fits wonderfully to her talents. As a prisoner in Bedlam, he was convicted of avenging the death of his wife. Their violence breaks out more than once, and we never know when it might happen again. Like Lady Macbeth, Kate Eastwood Norris (a proud Mary Stuart in the self-titled production Folger), is unusually possessed by herself at first. She becomes more and more distressed as her husband unravels. It is a vibrant performance, with an attractive layered quality. The Davenant script adheres closely to the plot of the original, while cutting out some of the longer monologues and making others initially understandable. macduffs are represented as a virtuous couple, unlike the blood macbeths. Lady macduff (karen peakes) looks greatabout her husband, although Lady macbeth seems anxious to get rid of her. karen peakes 'lady macduff is exceptionally well-acted. chris genebach, at its best time here, is an emotional and principled macduff. his abandonment of his family is explained in the version of davenant as an inability to imagine the level of cruelty they will face. the three witches, streak montgomery, emily NoÅ «L, and the charming ethan watermeier in dredging, sing and dance, and each one has a unique sensitivity. they are beautifully realized, and are essential to establish the tone of production. louis butelli has an interesting take in duncan; he is the guardian of asylum, and he looks a little like charles ii. seems much more arrogant and fascinated with his own power than the benevolent figure we know of shakespeare, which is refreshing. Anthy mendez is an unusually compassionate banquo, which makes sense when he discovers that, as a prisoner, he is a clergyman who expects to be released by good behavior. malcolm (rafael sebastian) benefits from cuts to one of the most confusing scenes. he and donalbain (john floyd) are a good pair of besieged brothers. the role of jeff keogh as seyton expands in the davenant version, and establishes itself as an individual instead of falling into the trap of being a generic assistant of his king. jaysen wright as lennox fulfills his role with energy and style. they owe peaks like fleance, proof that the peak family has an equally talented member of a new generation. ravelle brickman profiles the family peakes: ian, karen and owen, here. the folk consort, led by the music director robert eisenstein, performs works of original period of matthew locke and henry purcell, as well as peasant dances of the xvii century and the music of bats and violin. world-class musicians are browder laughter, violin; nina falk, viola; they give meyers, multi-instrumentist; john moran, cello; leslie nero, violin; and webbHarsicicord. It's true that some of Shakespeare are more. more.Lines: Duncan's silver skin with its golden blood, for example, are missing, but this absence is more than compensated by the glorious music, dance and physical production. We can see the bars of the prison, and occasionally the sufferings inflicted on the patients behind them. The lanterns are everywhere. The costumes are superficially luxurious, but then we notice that they are filtered with mud. The images of the stage are eloquent and always surprising. Young Fleance (Owen Peakes) calls her father, who is ambushed by MacBeth's hired men. MacBeth is on stage at Folger Theatre, September 4, 2018. Photo by Brittany Diliberto. The entire creative team deserves our congratulations. This is Robert Richmond. Director: Robert Eisenstein, music director: Tony Cisek, stage design: Mariah Anzaldo Hale, costume designer: Andrew F. Griffin, lighting design: Matt Otto, sound designer: and Cliff Williams III, wrestling director: William Davenant was a colorful figure. He encouraged the rumor that he was a natural son of Shakespeare, although it is probably unlikely. He was found guilty of high treason on the part of Parliament, for participating in a realistic plan to use the army to occupy London. He was knighted by Charles I to run supplies across the canal during the English Civil War. His nose was disfigured by syphilis, and it was the subject of much obstructed commentary. In Robert Richmond, he has found a director who takes him to the 21st century. Surprisingly, he seems to belong there. Running time: two hours and 30 minutes, with an interval of 15 minutes. MacBeth, plays through September 23, 2018, at the Folger Theatre, 2018 East Capitol Street, SE, Washington, DC.
