Sim City is one the most known and loved strategy games from Maxis, at least I can say for my self that was one of the games that most had and influence in me when I was a teen. Although the last game was launched in 2013, I still have a lot of fun and is remarkable how fun it can be. Still, as all games from the Sim City franchise, it can also be super difficult, and sometimes you will want some help from cheats and hints. So just wait right there and take a look at this guide and understand how it can be a lot easier with those cheats. Cheats and Codes for SimCity As all Sims games, there is a list of codes that you can use to get some money or some other benefit. Infinite Water is not one of them. Using this secret you will ensure that water will never be a problem for your cities. The first thing you need to have is a Sewage Treatment Plant, it converts raw sewage back to clean water. Also, the rate in which clean water is pumped is faster than your collection ... yeah, that's it. Simply install a Water Pumping Station close to a Sewage Treatment Plant and you will have UNLIMITED WATER! Note: Be sure that your water pumping station uses the water filtration pump modules, rather than the standard water pumps. That will avoid any problems with illnesses from consuming untreated water. Cheat the Taxes (Infinite Money on SimCity) Although it is not necessarily a cheat, it is a mechanics little observed and that can help you both increase your cash or even increase the happiness of the population. All taxes are paid for at xx.03, receive the money, and immediately stop it again. Return the tax rates to your traditional rate. Beyond that, you could also configure your tax rate to 0%, that way you'll boost the happiness on your city and increase the density. But please be careful, don't forget to control your timing.
