Maybe you want to try: CamScanner Pro Apk App Reviews John Thornley: I had to buy the complete license. It is an exceptional piece of software. Yes Hasna T crashed ever! Do everything I want, and more fast! Very easy to get the block of and very intuitive to use. Ia Va watched loads of different editors before finding this and I have disappointed. Buy or subscribe, your choice. People who have created this deserve to be Peejay Torres: Give your hands the best video editing application I've ever used and the only application I've ever written a review for. The fact that its so easy to use but so advanced is what makes it as big than other applications. I just hope they could patch more functions in the end, like the things that separate audio from the video and make a new separate audio track. Jackilyn Slack: I Love This App! There are so many features that are good to make YouTube videos or messages. Over time the application is decently improved. Especially when it comes to text and stickers, they use us to not be fresh types of character but have defently changed. I recommend this app to 100%. However, if you have movies from a camera that the attempt to change on a first application does not TS the best, but this is just my experience!
