Biology chapter wise mcq for neet pdf

The thoroughly revised and updated 3rd Edition of Objective Biology Chapter-wise MCQ for NEET/AIIMS is a collection of carefully selected MCQ's for medical entrance exams. The book follows the pattern and flow of Class 11 and 12 syllabi as prescribed by NCERT. The unique feature of the new edition is the inclusion of new exam-centric questions and Marking of questions into critical thinking, tough nut, and tricky. Objective Biology Chapter-wise MCQ book contains 'chapter-wise MCQs,' which covers all the important concepts and applications required to crack the mentioned exams. The book includes 38 chapters covering a total of around 3800 MCQs with solutions. The solutions to the questions are provided immediately after the Chapter. The solutions have been prepared in a manner that a student can easily understand them. This is an ideal book to practice and revises the complete syllabus of the mentioned exams. The book will help to give finishing touches to your preparation for each Chapter. Free Download Objective Biology Chapter-wise MCQ Starting preparation for NEET since Class 11 is as essential as the preparation for the board exams. The NEET syllabus carries equal distribution of questions from both Class 11 as well as Class 12. Chemistry and Physics are based on formula learning, one will be able to solve the problem, and some won't, but in Biology, there is less chance of applications. Free Download Objective Biology Chapter-wise MCQ. It includes an ample number of questions and explanations to give aspirants an idea of the Question being framed in these above-mentioned examinations. Each chapter from the books contains Objective Question presented in two levels, 1st Level Caters to the Concept Building and 2nd Level Caters to Application Based Questions. BOOK NAME – OBJECTIVE BIOLOGY CHAPTER-WISE MCQ AUTHOR – DISHA PUBLICATIONS SIZE – 4.6 MB PAGES – 327 MCQs or multiple choice questions is one of the best ways to test a student's comprehension of a concept. Our subject-matter experts have prepared these Biology MCQs based on current trends and practices. Furthermore, the questions presented will be beneficial for competitive examinations as well. Table of Contents: Diversity in the Living World Biological Classification Plant Kingdom Animal Kingdom Morphology of Flowering Plants Anatomy of Flowering Plants Structural Organization in Animals Cell: The Unit of Life Biomolecules Cell Cycle and Cell Division Transport in Plants Mineral Nutrition Photosynthesis Respiration in Plants Plant Growth and Development Digestion and Absorption Breathing and Exchange of Gases Body Fluids and Circulations Excretory Products and their Elimination Locomotion and Movement Neural Control and Coordination Chemical Coordination and Regulation Reproduction in Organisms Sexual Reproduction in Flowering Plants Human Reproduction Reproductive Health Heredity and Variation Molecular Basis of Inheritance Evolution Health and Disease Strategies for Enhancement in Food Production Microbes in Human Welfare Biotechnology: Principles and Processes Biotechnology and its Applications Organisms and Environment Ecosystem Biodiversity and its Conservation Environmental Issues Biology (Botany and Zoology) Botany and Zoology are the core of the AIIMS examination. To score well in the section, you need to cover the topics under each head comprehensively. Focus on Plant Nutrition and mechanism Study schematic diagrams carefully to understand the mechanism Take the section-wise test to assess your conceptual clarity Pay more attention to important and marks fetching areas like Plant Physiology, Human Physiology, Biomolecules, Cell structure, Reproduction, Genetics & Evolution, Biotechnology, Ecology, Biodiversity, Diversity in the living world. A total of 180 questions are asked in the NEET exam, out of which the Biology (Zoology + Botany) section consists of 90 questions for 360 marks. However, scoring 340+ in NEET Biology is not a difficult task. One should hold strength in the Botany and Zoology section, which comprises 90 questions i.e., 360 marks out of 720. The fundamental problem faced by the students is to remember the examples of different animal and plant kingdom, botanical name, various enzymes, various processes, as well as the exceptions. To help you deal with the situation, below, we have shared some important books, time table, study tips for NEET Biology along with the weightage of every chapter for the NEET 2020 exam. Important Tips to Remember Key points & tips during the time of the exam: First of all, read the questions carefully to answer the questions you find the easiest and of which you are sure and then proceed to other questions and fill the OMR side by side. Never do the guesswork; it will eventually degrade your scores and prove to be dangerous for you. Keep calm, don't be panic during the examination. It will hamper your performance. Never allocate the time as 1 hour for each section of PCB, go as fast as you can but be sure for the answers you are opting by maintaining the time limit. Be positive, and you will surely get success. Tips & Tricks to crack the NEET (AIPMT) exam: Exemplary, published by NCERT, is concise and has scientifically designed courseware. It is highly recommended for all medical aspirants. For practice problems, one must check out NEET/AIPMT past year papers. Start with other books once you have finished with the NCERT syllabus or only for reference on topics that you fail to understand from your base book. You can also solve practice problems from other books after each chapter to make sure that you have mastered the concept or topic you have just studied. With over 3600 questions covering important topics from the Biology lessons of classes XI and XII, this book will help you with your understanding and revision. The questions in this book are categorized into three difficulty levels to let you practice systematically. Once you are done with easy questions, you can move to the difficult ones to test the depth of your studies during your revision phase. Since this is an affordable book, you need not think too much before buying it online. Looking for more NEET Books? Explore here. DISCLAIMER: The Times of India's journalists were not involved in the production of this article. Grammar books for school & college students: Popular choices to consider Amazon offers air coolers, fans, mixer grinders, water purifiers, vacuum cleaners, and induction cooktops starting from Rs 399 Writing books for kids that will help them practice well NEET Biology Questions Practicing NEET Biology Questions (MCQs) the right way helps you ensure a pretty good rank in itself. Since, biology questions constitute 50% of the total questions in NEET and most of the students believe that NEET biology is comparatively easier, you should target minimum 340-350 in Biology out of 360 total marks. Mostly students believe that just reading and revising NCERT books or other text books is good enough for scoring in NEET and they avoid practicing biology questions for NEET. The result is that more than 90 percent students end up scoring less than 100 marks in biology and many of these students end up scoring a pitiable 30 to 40 marks in the NEET biology MCQs section of the paper. Biology is the key to cracking NEET You need to note very carefully that the key to crack NEET lies in the Biology section. To be able to score anything above 300 marks in biology requires not only a thorough understanding of the biology chapters in the syllabus but also a thorough and repeated practice of the Biology questions for NEET, the objective type questions. CareerOrbits has designed a special NEET biology question bank where the NEET aspirants can get a chapter wise NEET Biology questions. These biology questions are extremely useful to the aspirants who, after having studied the NCERT books and after having solved the exercises at the end of the chapters in the NCERT, want to gain perfection in answering the NEET biology questions with confidence. You can also build and boost your test taking skills by comparing your approach to a question and your logical understanding with the ones adopted in the detailed solutions. We have provided detailed logical explanations to each question provided in this NEET biology question bank. Complete Practice These NEET Biology questions cover NEET Biology Class 11 questions and NEET Biology Class 12 questions as per latest NEET pattern of NTA. These NEET Biology MCQs cover all the important concepts which are expected in NEET. The level of difficulty of these biology questions matches the difficulty level of the questions as per the latest NEET pattern. Practice in sync with your Study Plan You can practice questions for any biology chapter in sync with your own study plan or school's study plan. All the chapters of zoology or botany whether belonging to Class XI or class XII are available to you on day one when you join the course. It's quite possible that in some schools one chapter is being taught and in the other schools, some other chapters are being taught. It's important that you follow what you are studying or have planned to prepare to avoid any conflicts and confusions. Detailed Explanations for each MCQ Detailed logical explanations have been provided for each and every biology question in this question bank so that you can understand the complexity in the question part. Our experts have also worked on not only providing the explanation about the correct option but also why other options are not correct. This allows you to develop deeper understanding about the other options which are not correct. At the same time, it also prepares you to answer questions based on the one or more of some options where the question might be a bit tweaked or the question is asked in a different form. Repeatedly practice your weaker areas with Personal Revision Lists We prepare your chapter-wise personal revision list for all the NEET biology questions that you wrongly attempt while practicing. This allows you to practice those questions again and again. Repeated practice through three-step revision lists helps you in achieving perfection in solving NEET biology questions during the actual exam with confidence. Last-minute Revision with Bookmarked Questions Biology syllabus is vast. At the last moment, you cannot simply revise the entire syllabus nor can you practice again the whole lot of biology questions. With our special bookmark list facility, you can bookmark tricky or important biology questions while practicing. Practicing these bookmarked biology questions help you immensely in last minute and help you reconnect with those tricky and important questions at the last moment. Selective Revision of concepts in Biology Questions for NEET To help you recall important concepts and biology terms which have been used in the logical explanations to the questions, we have highlighted these terms and concepts in blue colour. If you do not recall definition of any of these terms, just carry the cursor over the blue colored term and you can get the brief definition of that term or concept. If you wish to study that concept in detail, you can click on 'read more' below that popup and you get instantly the complete note of that concept. This helps you save a significant part of your time at the same time enriching knowledge to stay ahead in such a highly competitive exam. 5 Reasons to Practice NEET Biology Questions (MCQs) To familiarize and learn the level of biology questions that come in actual NEET exam To do self-assessment of your existing preparation level and identify weaker areas, the concepts that you missed and the parts of chapters that you missed out while preparing. To get a hang of the complexities involved in NEET biology questions that come in NEET. To learn and imbibe how to approach and answer a biology MCQ in NEET exam. To understand what mistakes you committed and the logical explanation for those questions where you committed a mistake. To reach a level of perfection with repeated practice, where you target attempting each and every NEET biology question without losing even a single mark. NEET 2019 Biology Questions Analysis NTA has conducted NEET 2019 for the first time and there's a change in the pattern and difficulty level of the questions. Before you start preparing NEET Biology, you should be thoroughly familiar with the NEET Biology Syllabus. It is expected that NTA would more or less continue with the same pattern and difficulty level in the questions in the NEET Biology section. As such, it's important for all of you to thoroughly understand the distribution of the questions across class 11 and class 12 syllabus and respective chapters. The analysis of NEET Biology questions for NEET 2019 is given below: Section wise break up of NEET Biology Questions in NEET 2019 Unit Number of Questions Total Easy Medium Hard Zoology 40 6 31 3 Botany 50 9 39 2 Total 90 15 70 5 Chapter wise break up of NEET Biology Questions in NEET 2019 Unit Number of Questions Total Easy Medium Hard Zoology 40 6 31 3 Class 11 Animal Diversity 2 1 1 0 Structural Organisation in Animals 2 2 0 0 Human Psychology 14 7 4 3 Total Zoology Questions Class 11 18 10 5 3 Class 12 Human reproduction & reproductive Health 5 3 2 0 Origin & Evolution 3 1 1 1 Human Health & Diseases 4 4 0 0 Microbes in Human Welfare 5 4 1 0 Biotechnology 5 2 2 1 Total Zoology Questions Class 12 22 14 6 2 Total Zoology Questions Class 11 and Class 12 40 24 11 5 Botany 50 9 39 2 Class 11 Plant Diversity 5 2 3 0 Plant Anatomy 3 1 2 0 Plant Morphology 1 1 0 0 Cell Biology & Cell Division 7 6 1 0 Biomolecules 2 2 0 0 Plant Physiology 9 7 2 0 Total Botany Questions Class 11 27 19 8 0 Class 12 Plants Reproduction 4 2 2 0 Genetics & Molecular Biology 10 4 6 0 Ecology 8 7 1 0 Strategies for Enhancement in Food (DOP = DOA) 1 0 1 0 Total Botany Questions Class 12 23 13 10 0 Total Botany Questions Class 11 and Class 12 50 32 18 0 Total 90 15 70 5 NEET Biology Notes Biology needs thorough preparation and constant revision.
